MARCH 2021

AREA SCORECARD FQ3 2020/21

- 1 Background
- 1.1 This paper presents the Area Report for Financial Quarter 3 2020/21 (October-December 2020) and illustrates the agreed performance measures.
- 1.2 A summary of all the measures is included at the start of the report. The summary provides an overview of the number of measures and how many are Red, Amber, Green or No Target.
- 1.3 To improve the response to performance queries, it is requested that either the Responsible Named Officer or Sonya Thomas are contacted once the Quarterly Performance Report is received with any queries. This should enable some queries being resolved or clarified prior to the Area Committee meeting, and therefore being carried forward as Actions at a subsequent meeting.
- 1.4 A short key to symbols / layout is attached. (Appendix 1).
- 1.5 An illustration of how the Business Outcomes align to the Corporate Outcomes is attached. (Appendix 2).
- 2 Recommendations
- 2.1 It is recommended that the Area Committee
 - a) Notes the performance presented on the Scorecard and supporting commentary.

FQ32020/21H&L

Arrocharand Lussarearemained busy up until Christmas Temporary traffic regulation order for Luss & DuckBay. The new Luss villagerestrictions continue to result in PCNs being issued. The seno waiting restrictions have no double yellow lines painted and few signs to alert drivers. Free parking in all charging carparks for two weeks on the run up to Christmas including Lussand Arrocharcar parks.

FQ22020/21H&L

Increasein patrols in the Lomondareaplus an increase of visitors, perhaps due to Covid resulting in more PCNsWardens from Obanhaveass is ted particularly at weekends. New temporary traffic regulation order for Luss & DuckBay. The new Luss village restrictions are resulting in many PCNs being issued. The seno waiting restrictions have no doubleyellow lines painted and few signs to alert drivers. Luss carpark parking capacity has been reduced due to part of the carpark being closed to allow for National Park portaloos.

FQ32020/21A&B

In general, carparks very quiet compared to other years (especially in Oban) with the exception of Lusscarpark and Arrocharcarparks.

FQ1& FQ22020/21 A&B

DuringFQ1while national travel restrictions were in place, enforcement activities were reduced significantly, effectively stood down across the Councilarea. The only exception to this was in H&L, which is in reasonable travel distance from the central belt. Evenso, only limited enforcement was carried out in this area. Within H&L, Lus and both Arrocharoff street carparks were closed. FQ2sawan uptick in traffic figures, with visitor numbers increasing particularly in both Lus and Arrochar. Due to the visitor number in the sevillage and as a result of the TTROn place in Lus additional resource from was directed to H&L to assist As a result, the number of PCN is sued in H&L was up circa 380% compared to FQ22019/20. Although the other areas are down compared to the same quarter in 2020/21, over all PCN numbers are up.

FQ32020/21H&L

Theon goingimpactof COVIDI 9 and its associated estrictions has resulted in a significant under recovery of the parking income budget. The national restrictions on movement have directly impacted much of Argylland Bute and subsequently the loss of ticket income arising from tourism. In addition to this, many people are either furloughed or working from home and this is likely to have resulted in a loss of income arising from commuter parking.

FQ1& FQ22020/21H&L

Jointfinancial quarter 1 & 2 update: Due to the impact of COVID19 restrictions, Amenity Wardenswere stood down during lockdown period. The Amenity Wardens were diverted to assist with the food delivery programme. The travel restrictions would have had an impact on tour ism and

FQ32020/21H&L

Performancen FQ3improvedto 11.1 weekswhen compared to FQ2at 12.9 weeks, in what are difficult operational circumstances that should be noted that the number of Householde planning applications determined by the team was 68% higher than the previous quarter.

 ${\bf Comment from\ Peter\ Bain\ (Development\ Manager)} on\ the\ impact\ of\ Covidon\ DM\ determination\ periods.$

The significant dip in performance against this indicator during FQ2 is directly attributable to the impact of the initial Covidf 9 'lockdown' period which ran from late Marchinto June 2020, and subsequent estrictions on service delivery. Whilst performance on all average determination time period indicators was largely maintained during FQ1 it is noted that this was based upon the determination of a much reduced number of applications. Whilst FQ1 gaverise to a number of challenges including loss of office accommodatior and a requirement to rebuild a number of service critical processes including mail hand lingar rangements these were in the main, addresse defficiently during the first few weeks of lockdown and allowed determination of applications that were already at an advance dage, without significant delay being incurred. What is not evident within the FQ1 performance indicator however is that new planning applications continued to be submitted at almost 80% of normal volume throughout the 'lockdown' period. It was not possible to progress the sebeyond initial validation due to restrictions on travel/engagement which prevented necessars it evisit

FQ32020/21A&B

Theteam are working through the backlog of planning applications caused by the extreme changes o working practices arlier in the year, with 27% more determined when compared to FQ2,55% more than FQ1. Set against this backdrop, the improvement in performance from 11.6 weeks in the previous quarter to 10.0 weeks in FQ3 is pleasing given the ongoing operational difficulties of delivering the Planning Service with the restrictions brought about by the pandemic.

 ${\bf Comment from\ Peter\ Bain\ (Development\ Manager)} on\ the\ impact\ of\ Covidon\ DM\ determination\ periods.$

The significant dip in performance against this indicator during FQ2 is directly attributable to the impact of the initial Covid 19 'lockdown' period which ran from late Marchinto June2020, and subsequent estrictions on serviced elivery. Whilst performanceon all averagedetermination time period indicators was largely maintainedduring FQ1it is noted that this was based upon the determination of a much reducednumber of applications. Whilst FQ1 gaverise to a number of challenges includinglossof office accommodationand a requirement to rebuild a number of servicecritical processes including mail handling arrangements the sewere in the main, addresse&fficiently during the first few weeksof lockdown and allowed determination of applications that were already at an advance of tage, without significant delay being incurred. What is not evident within the FQ1 performance indicator however is that new planningapplicationscontinued to be submitted at almost 80% of normal volume throughout the 'lockdown' period. It was not possible to progress these beyond initial validationdue to restrictions on travel/engagement which prevented necessary site visit activity beingundertakento completethe professionalssessment of applications and to complywith procedural requirements for posting of site notices. Restriction con essentialtravel were lifted during June, and planning applications it e visits to

CorporateOutcomeNo.6 We have	 einfrastrud			. ~-	rus	FQS		
								FQ32020/21 H&L A combination of staffing and IT is sue shave prevented staff from catching up on the previous COVID delayed faults. We are looking at support to the Street Lighting Back Office Team Leader to manage the incoming fault reports in a more proactive manne IT equipment has been ordered to allow staff to update faults whilst at the locusto satime and we are looking to advertise the vacant Electrician spost in Helensburghto brothe electrician shumber sup to 3.
Streetlighting H&Lpercentageof faults repaired within 10 days (Street Lighting r					75%	0%	HughO'Neill	FQ22020/21 H&L Performance figures affected by the legacy of Covid 19 shutdown. Resumption of activities in June/ Julywas further disrupted due to sickness absence of, one of two Street Lighting Electricians The electrician based in Dunoon for B&C and H&Lalso has to cover "emergency repairs" in OLI/ MAKI where practicable. There is still a further issuerelated to miss allocation of "dark lamps" when requests of service are entered.

FQ32020/21 A&B

Therehavebeen a number of street lighting outages which have not been repaired in the normal timescaledue to several factors including all non emergency works being pausedduring lockdown and difficulties sourcing parts due to many companies not operating. An action plan is in now placeto focuson the backlogof lighting faults, to ensurewe canget the most effective use of the lighting resourceand power company suppliers to see improvements to lighting outages. It is anticipated that improvements to servicedeliverywill be seenon the groundfrom Marchonwards.

from the public, asgenerally the faults are related to power supplyor defective cabling which requires additional support from contractors and PU suppliers to rectify. This

takeslongerthan the 10 day target for a purely "dark lamp" repair.

FQ22020/21 A&B

Due to the team being significantly reduced for a substantial period of time due to absence the Lighting Teamhave been prioritising lighting repairs. The Street Lighting team should be backto capacity in FQ3. Discussion are ongoing to look at solutions to ensurethe StreetLightingteam havethe resourcesnecessary to carryout repairs.
