

ROADS AND INFRASTRUCTURE SERVICES UPDATE

1.0 INTRODUCTION

- 1.1 This report format and frequency for these reports were agreed as part of the previous Council. The purpose of the report is to provide a general update on key activities of the Service over recent months and to enable a discussion on key, high level topics and projects. As part of developing future committee structure and workplans the purpose and effectiveness of this standing item should be reviewed.
- 1.2 As part of the normal course of business we provide all members with regular weekly briefings on topical projects and ongoing service delivery. We have been doing this weekly for over 60 editions now and these prove to be a useful tool for regular service updates. They are all available as part of the wider resource portal on the Member Zone system which also includes specific topic briefing sheets and key policy documents. We are also in the process of developing a seminar programme on specific topics which we are hoping to make as interactive as possible with various site visits.

2.0 RECOMMENDATIONS

- 2.1 It is recommended that the Area Committee note and consider the contents of this report and its purpose/value as a standing item on the agenda given that all the information contained is otherwise accessible.

3.0 DETAIL

COVID Absence/Resource Availability

- 3.1 For the period of the previous report two reports in March then June absence rates as a result of self-isolation requirements remained high in the case of the former report and tapered down more in line with pre-COVID trends in the latter report. This remains largely the case, and absence levels continue to be in line with pre-COVID trends, although there do remain a few isolated absences attributed to COVID, the overwhelming percentage of absences are non-COVID
