We have big problems with our roads on Kerrera. We get more than 15,000 visitors to the island each year, most of whom walk- but many cycle and the potholes are very dangerous for younger and less experienced cyclists. Island residents have petitioned the council to improve road conditions for many years- some pot holes have been filled in, but we desperate for a longer term solution. Our major issue also lies in the lack of any road connection between the north and south of the island. This means that almost half of island residents and workers (population is around 100 in total during the summer) cannot safely access our government subsidised ferry service. This has also led to a divided community.

Half of our island population cannot access the Calmac ferry service as there is no connecting road from the north end of the island. Once we have landed on the mainland at Gallanach- we have a lovely new bus shelter, but no bus service to connect us to Oban. I pe

Q3. Traffic and Parking Do traffic and parking arrangements allow people to move around safely?

We have significant parking issues at the Kerrera Ferry car park, especially in the height of summer, when tourists simply park on the verges. I believe a connecting bus service to Oban could really help this situation. It would also be helpful to discourage camper vans from using the car park as a campsite and to keep an area free for residents parking (particularly those with

Q5. Natural Space Can I experience good quality green spaces?

1 responses in total - Average Score of 7.0

Score of 1 Score of 2 Score of 3 Score of 4 Score of 5 Score of 6

Q6. Play and Recreation Can I access a range of places for play and recreation?

Comments

Kerrera currently has no public space for the community to meet. Islanders are working hard to change this and the Isle of Kerrera Development Trust has recently secured funding to buy the old primary school building to renovate it into a community centre- we hope to raise the funds soon so that we can have it as a usable community facility asap

Q11.Identity and Belonging Does this place have a positive identity and do I feel I belong?

The Isle of Kerrera Development Trust has successfully been representing the community for a number of years. It can be difficult however to engage in our wider community planning and services- especially as our last scheduled ferry is at 6pm each day. This has meant Kerrera has never been able to have a representative on Oban Community Council as meetings start at 7pm.

What are the main issues and priorities for change that you have identified?

Our island priorities are: - Improvements to our island roads and the creation of a new north/south road on Kerrera - developing our new island community centre in the old primary school building

What actions could be taken to deal with these?

Argyll and Bute council can improve our existing road and support the building of the new north/south road- as identified in the STAG report by Transport Scotland. Funding and support can be given to the Isle of Kerrera Development Trust to renovate and establish the new island community centre. Transport Scotland can roll out RET as promised back in 2013 to bring down our fares and improvements can be made to our ferry schedule to include a bookable evening service

Produced by the Argyll and Bute Community Planning Partnership, January 2020 – based upon the Place Standard Consultation Engagement which took place between May and October 2019.

Please contact cppadmin@argyll-bute.gov.uk for further information.
