Key Challenges and Actions to address the Challenges (DEG)		
<p>BO110- We Support Businesses, Employment and Development Opportunities.</p> <p>9. Challenge Challenges presented by the roll out of Universal Credit Full Service in September 2018. These stem from the increased complexity of the application process itself, the length of time to receive payments, and the fact that the housing allowance will be paid to claimants not landlords so arrears are predicted to increase. It is anticipated considerable extra resource will be needed to assist claimants applying for Universal Credit, and that likely increases in rent arrears will inflate homelessness rates and the costs of accommodating households.</p> <p>Action Detail -We have nearly finalised the temporary accommodation funding paper which will provide the detail as to what the money has been spent on in 19/20 as well as proposals for 20/21. The proposals include a Welfare Rights Assessor Universal Credit to assist households through the Managed Migration process.</p>

Indicator Ref : CSS101_05 [CS101_05]-Maintain average answered talk time 3.5 minutes (Customer Service Centre)

Trend	FQ2 19/20 Target	FQ2 19/20 Actual	Owner	Commentary
●	3.75 Minutes	3.78 Minutes	Robert Miller	Average call duration was exceeded by a couple of seconds on average but has been stable for the last 3 quarters at around target level. The main issue last quarter was on payment related calls where new PCI DSS regulations mean customers now key in their card details and they often get this wrong, leading to longer call durations. Call abandon rates are still well below target so this is not a big concern
