Socio-economic background		X		
Communities of place		X		
Communities of interest		X		

If you have identified any impacts on service deliverers, explain what these will be.

Taxi drivers/private hire car drivers will have to attend appointment at mainland central locations which will be more expensive for them rather than attending their own GP. However, they will not have to pay for the medical which will be cost saving.

If any 'don't know's have been identified, at what point will impacts on these groups become identifiable?
