

Argyll and Bute Council

3. No package should be short by more than twice the TNE.

Checks

Packers and importers to the EU have a duty to carry out sufficiently rigorous checks to ensure that all of the three packer's rules are met. This means that you should establish a system that:

- controls the production process;
- sets up effective sampling and checking plans;
- uses appropriate equipment for checking;
- trains staff; and
- keeps appropriate records.

mark, though, you may need to notify your local trading standards service first, so
